EIGHT PAGES TODAY

## DECISION BY JUDGE W. M. SPARKS CITED

C. J. Orbison Gives His Ruling in  
Haig Case as Reason For Draw-  
ing on Confiscated Liquor

### LETTER REPLY TO ATTACKS

Federal Prohibition Director Also  
Uses Case of Mrs. Alice King  
of This City as Example

The decision of Judge Will M. Sparks of the Rush circuit court, sitting as special judge in the Marion criminal court, in Indianapolis, in the Haig case, holding that druggists in Indiana had no right to sell whiskey on physician's prescription, is cited in a letter written by Charles J. Orbison, federal prohibition director for the state, explaining his reasons for drawing on the stock of confiscated liquor for use in emergency cases.

Mr. Orbison also calls attention to the case, as an example, where Judge Sparks recommended that a quart of whiskey be allowed for the use of an old lady 85 years of age who is suffering with an incurable disease.

The woman referred to, for whom Judge Sparks requested that the liquor be released, was Mrs. Alice King of Circleville, who is critically ill. Representations were made to Judge Sparks by a local charity worker that the whiskey was badly needed, and when the recommendation of the physician, that such action be taken, was received, he wrote the federal director, enclosing the physician's prescription.

Mr. Orbison wrote a letter explaining the situation in this state, to the federal prohibition commission, John F. Kramer of Washington to reply to attacks of an Indianapolis newspaper which has severely criticized him for releasing confiscated liquor for emergency use. He requested that charges against his administration of the office be investigated by the federal grand jury.

In speaking of his action Mr. Orbison said:

"Owing to the unsettled state of the whisky law in Indiana relative to the right of druggists to fill physicians' prescriptions and in order to protect the druggists, in the event the courts should uphold the decision of Judge Sparks as to their rights to fill such prescriptions, prescription blanks were not issued to physicians by this office and in order to take care of any emergency cases, when in the opinion of reputable physicians, whisky was needed, the stock of confiscated liquor was dispensed.

"In my opinion the spirit of the law was not violated and it was purely an act of humanity, in ordering the whisky dispensed as it was."

In his letter to the district attorney

## EXTRA SESSION TO BE CALLED APRIL 4

Rep. Fordney Makes Announcement  
On His Return From Confer-  
ence With Harding

### MONTH AFTER INAUGURATION

(By United Press)  
Washington, Jan. 17.—President-elect Harding will call an extra session of the new congress April 4, Representative Fordney, Michigan, chairman of the ways and means committee, said today.

Fordney, who has just returned from Marion, said he had discussed the time of calling the extra session with the president-elect because of its relation to the revision of the tariff and revenue laws, two of the most important duties confronting the new congress.

Several members of congress, it is known, advised the president-elect not to call the extra session for at least a month after the inauguration.

Some time is needed, they said, to effect the change from a democratic to republican administration in the government departments.

## CAR MAY BE CONFISCATED Supreme Court Rules in Case of Machine Hauling Liquor

(By United Press)

Washington, Jan. 17.—"An innocent owner" of an automobile, used to transport liquor for illegal purposes, can be deprived of his property rights in the machine in case its confiscation is ordered by a court the supreme court today held.

The decision will make automobile firms which sell cars on installment plans cautions in the future, if the car is sold to a bootlegger and the offender is caught, the dealer is likely to lose the amount of unpaid installments.

## CLEGG CHANGES PLEA TO GUILTY

Judgment is Withheld in Case of  
Morristown Youth, Accused of  
Receiving Stolen Goods

### ARRAIGNED IN COURT TODAY

Jury Called for Tuesday to Hear  
Damage Suit Based on Accident  
Befalling Glenwood Man

Haskell Clegg, the Morristown youth who was placed in jail Friday afternoon on a charge of vehicle taking and later charged with receiving stolen goods, to which he pleaded not guilty, today changed his plea to guilty, and judgment was withheld by Judge Sparks. Clegg went back to jail, to await his sentence.

It will be recalled that he was seen leaving a machine along the roadside last Wednesday near New Salem and the machine was later identified as being a stolen car, belonging to a man living at Cumberland. Clegg was visited in jail yesterday by his wife and other relatives and he decided to change his plea to guilty. He was arraigned shortly before one o'clock this afternoon.

Court today was occupied with a case of B. Ferris, et al, against Samuel W. Brier, et al., on a complaint for money had and received, for accounting and damages. The suit involved 200 acres of land which was bequeathed in a will to the Laurel school township for school building purposes, and it is stated that when the schools were consolidated, the ground was not used.

The jury will be used tomorrow to hear the damage suit of Gilbert Reynolds against Bert Timberman, the latter a Glenwood resident. The complaint is based on an accident which took place in Connersville last fall when the defendant was alleged to have suffered injuries while riding a bicycle, and was struck by the Reynolds automobile.

## SINN FEINERS REPULSED

Attack on Police Station in Center  
of Cork is Failure

(By United Press)

Cork, Jan. 17.—A police station in the center of the city was heavily attacked by Sinn Feiners at four a. m. today. The attacking forces threw bombs and fired hundreds of shots out of revolvers, for the most part.

After a fight lasting one half hour the police beat the offending Sinn Feiners. The garrisons of the station which would very likely receive reinforcements, were sufficient to repel the attack.

### WINS IN RACE WITH DEATH

Chicago, Jan. 17.—Mrs. Harriett Hammond McCormick, wife of Cyrus M. McCormick, chairman of the board of directors of the International Harvester Company, died today. Mrs. McCormick's husband was at her bedside when the end came. He had raced to the city from New York, taking a special train part of the way. He arrived just twelve hours before she died.

## TO INVESTIGATE STATE FINANCES

Senator Maurice Douglas, Democrat  
Of Flatrock, Introduces Resolu-  
tion Today

### WHAT HE PROPOSES TO DO

Senate Adopts Resolution Asking  
Congress Not to Increase Its  
Membership

(By United Press)

Indianapolis, Ind., Jan. 17.—An investigation of the finances of all state government departments and state institutions was provided for in a resolution introduced in the senate today by Senator Maurice Douglas, democrat, of Flatrock.

Senator Douglass explained he presented the resolution in behalf of the Indiana Federation of Farmers' associations. The investigation would be conducted by a committee of four legislators, two members of the senate and two representatives, one from each branch to be a democrat and the other two to be republicans.

The purpose of the investigation, the senator said, would be to eliminate duplication of efforts and needless expenditures.

The committee would be empowered to employ certified accountants to assist in this work. This work does not come within the provisions of the legislative visiting committee, Senator Douglas said. At one time it was the law that state offices could loan business money and take the interest as profit.

"We have no way now of determining whether there are useless expenditures or duplications," he said.

The resolution was referred to the finance committee. Lieutenant-governor Branch and the speaker of the house, will appoint the members of the committee which would report its findings to the Legislature.

The senate adopted a resolution introduced by Senator Hartzell of Fort Wayne asking the national house of representatives not to increase its membership from 435 to 483. A copy of the resolution will be sent to the speaker of the house, the vice-president and each member of the Indiana delegation in congress.

Several bills were introduced at the short morning session. The house did not convene from the week-end adjournment until this afternoon.

A bill presented by Senator Allredge provided that no divorce suit should be tried within one year after the suit has been filed.

## DECATUR COUNTY TEAMS SENT HERE

Assignments For District Basketball  
Tourney Means Stronger  
Competition

### TWO FROM FRANKLIN ALSO

A. L. Trestor, secretary of the Indiana High School Athletic association, today announced the teams that will compete in the 32 sectional tournaments, of which Rushville will be a section, and he announced definitely that this city will have 15 teams in the tourney.

The affair this year will amount to much stronger competition than last year, as the list includes five teams from Decatur county, two from Franklin and eight from Rush county.

It means that two unusually strong teams, Sandusky and Greensburg, will be sent here, as well as Rushville and Milroy taking part. Last year Hancock was represented here and Decatur was sent to Columbus.

The five teams from Decatur which will come here are Westport, St. Paul, Burney, Sandusky, and Greensburg; from Franklin county, Brookville and Laurel; and from Rush county, Milroy, Carthage, Arlington, Manilla, Raleigh, Rushville township (Webb), Rushville and Moscow.

At Newcastle, only ten teams will be represented, all of them being from Henry county.

## LITTLE DONE THE FIRST TEN DAYS

Thirty-Three Bills Introduced in  
Senate and 48 in House and Only  
One Passed

### APPROPRIATION BILLS NEXT

Legislators Back From Week End  
With Constituents, Ready to  
Buckle Down to Tasks

(By United Press)

Indianapolis Ind., Jan. 17.—Senators and representatives of the 72nd general assembly were back today after spending the week-end adjournment among their constituents.

A review of the first ten days of the session shows little has been accomplished and the activities of this legislature have been in keeping with those of the past in getting under way. Up to this date the situation looks like this:

Thirty-three bills were introduced in senate and 48 in the house. One bill that of appropriating \$100,000 as expenses of the assembly, has been passed, and no other bill has ever reached second reading.

The regular and specific appropriation bills for state institutions and departments have not been introduced. A fight over the repeal of the primary election law has developed to such an extent in the senate that the progressives and the stand-patters elements of the republican party are drawn apart in this issue. The assembly has accepted four invitations for junket trips and has made one. The next week probably will see the introduction of the administration bill for a budget system, for tax law and for taking over the state board of agriculture.

The regular and specific appropriation bills are to be presented Monday, according to Representative Donald Curry, a member of the legislative visiting committee.

This week is expected to see members of the legislature buckle down to the tasks immediately confronting them.

Most of them admit there are few concrete results to account for the time they have been in session since January 6, but seek to justify this on the ground they were delayed by inaugural ceremonies of the new administration and by organization work.

Returning here today from a week end at home, the legislators were expected to receive during the week

Continued on Page Two

## ARMY RECRUITING OFFICER HERE TODAY

Sergt. T. R. Johnson Announces Dis-  
trict Office is Being Moved to  
Greensburg

### IN CITY FOR A FEW DAYS

Sergeant T. R. Johnson, in charge of the recruiting for the army for this district, with headquarters located at Shelbyville, was here today and stated that the office for this district was being moved from Greensburg to Shelbyville. The officer will remain here for several days and will gladly give details of army life to anyone wishing information.

"Any man who is anxious to learn a good trade," said Sergeant Johnson, "or get a college education, should investigate, the opportunity which the government now has available. The army is rapidly filling to its authorized capacity, and the only organizations open for enlistments are the 29th motorized infantry; Camp Benning, Ga.; demonstration unit for the army; the 49th Infantry, Fort Leavenworth, third battalion, guard duty only; Camp Lewis, Wash., is open for field artillery, infantry and ordnance, medical department only."

Rushville young men who wish to join in any branch of service, can do so by consulting with Mr. Johnson, while he is here, or at any future time by making application to G. P. Hunt, postmaster.

## TWO MACHINES COLLIDE

Earl Winship and Dr. Logan Figure  
in Mixup This Morning

Two automobiles figured in an accident this morning at the division of the two roads in Circleville, and luckily none of the occupants were injured. One machine, being driven south by Dr. H. V. Logan and the other one going north, and driven by Earl Winship, ran into each other, and the Logan machine received a broken front wheel and other minor damages but the Winship machine was not so seriously damaged. The accident was said to be unavoidable.

## SUNDAY BUSY DAY FOR EVANGELIST

Dr. L. W. Munhall Delivers Six Ad-  
dresses at St. Paul's M. E.  
Church During Day

### YOUNG PEOPLE CONFESS SINS

Twelve Accept Christ as Saviour at  
Afternoon Service—Logic Used  
by Preacher

Sunday was a very busy day for Dr. L. W. Munhall, who is conducting a series of evangelistic meetings at St. Paul's Methodist Episcopal church, to continue for the remainder of the month.

He gave a brief address to the newly elected officers of the Sunday school at ten o'clock; preached at eleven o'clock; addressed the church officials committees and personal workers at 2 p. m.; preached to the young people at 3 p. m.; addressed beginners in the Christian life at 4:15 p. m.; and preached one hour at night. The services were all largely attended and full of interest.

"Resurrection" was the subject of the morning sermon. The preacher made plain the evidences of the resurrection of Jesus, which he characterized as the heart of the system called Christian, and then showed how the believer is identified with the risen Christ in resurrection life.

The afternoon sermon to the young people made plain the advantages of the Christian life, and the importance of getting started right and on time. Twelve young people, not children, accepted Jesus as Saviour and Lord and confessed their sins verbally before the audience. It was a most interesting occasion.

At night the sermon was on "The Judgment to Come". The preacher showed its reasonableness, necessity and certainty. It was really a legal argument. The large audience made up almost wholly from the city's most intelligent and influential citizens, gave it the most careful and serious attention. It was a most impressive service.

The preacher supports all his statement by pertinent scriptural quotations; He seems to have the Bible on his tongue and the interest in the campaign is intensifying and increasing.

## A. L. CHEW NAMED CHAIRMAN

Elected at Meeting of Republican  
City Committee Saturday Night

A. L. Chew was elected republican city chairman at the meeting of the city committee in the court house Saturday night, to succeed Grant Gregg, who has held the place for the last two or three city campaigns.

R. P. Havens was chosen as vice-chairman; George Helm, secretary and Guy Gordon, treasurer. Mr. Chew served in the last campaign as committeemen of precinct No. 6 in Rushville township, but under the organization for the city campaign, he will be committeeman in precinct No. 3 of the second ward, in addition to serving as city chairman. The committeemen for the general elections hold office for city elections, only the precincts are numbered differently and do not extend outside the city corporations lines.

## HOOVER PRESENTS HIS MERCY PLEA

Menu of Black Bread, Rice Stew and  
Cocoa Served at \$100 a Plate  
Luncheon Today

### TYPICAL OF BABIES' RATION

Hoover Declares United States  
Should be Most Cheerful Country  
in The World

(Special to the Daily Republican.)

Indianapolis, Ind. Jan. 17.—Bearing what he calls "the greatest mercy plea this generation has ever heard" Herbert Hoover, national chairman of the European Relief Council, representing eight great American relief and welfare organizations, visited Indianapolis today to further spread the mercy plea and his visit was marked by the serving of the most expensive \$100 per plate luncheon the state has ever known. The event was attended by several hundred persons and every section of Indiana was represented and approximately \$50,000 being added to the fund.

It was a gala affair despite the fancy price charged for the black bread, rice stew and cocoa served. This menu, which was donated by the Claypool hotel management, was typical of the ration served once a day to 3,500,000 starving babies in eastern and central Europe and which is their sole salvation from death. No glittering napery or shining silverware marked this feast—it was more like a solemn ceremony. There were no flowers or music. The rice stew was served in heavy bowls and the cocoa in tin cups on bare tables. The American Flag marked the speaker's table, which was further distinguished by a vacant high chair on which a candle was burning—indicating the "invisible guest".

It was a bargain for those who attended from nearly every county in the state, because 999 persons in New York paid \$2,000 a plate for a similar "banquet" recently.

Herbert Hoover addressed the guests. He ate the simple fare along with them from a table constructed of rough hewn boards.

Rotary and Kiwanis clubs from all parts of the state sent representatives to the luncheon. Other societies and social organizations also were represented by one or more persons. Every one was supposedly paying the bill for a number of invisible guests who were the starving children.

Governor Warren T. McCray introduced the distinguished visitor as one of the greatest humanitarians of the age and the large audience which filled the Riley room stood as it applauded Mr. Hoover.

With business-like directness and

## FIVE PERSONS FROM HERE AT THE LUNCHEON

Representative Organizations Which  
Have Contributed to European  
Relief Fund

### CHURCHES ARE REPRESENTED

Rush county was represented by five persons at the Hoover luncheon in Indianapolis today.

Going from here were the Rev. L. E. Brown and Mrs. Miriam Jones, president and secretary respectively of the Rush county chapter of the American Red Cross, which contributed \$500 to the relief fund; the Rev. C. S. Black, representing St. Paul's M. E. church; T. M. Green, representing the First United Presbyterian church, and R. C. Hargrove and George C. Wyatt of the Main Street Christian church.

All of the above organizations contributed to the fund Rush county is raising for the European Relief Council, which is expected to amount to \$2,000 or more. It was at first understood that any organization giving \$100 or more was entitled to only one representative at the luncheon, but this was later found to be untrue.

DECISION BY JUDGE  
W. M. SPARKS CITED

Continued from Page One  
In which he asks for a grand jury investigation of the matter, Mr. Orbison calls attention to the papers of his office that are inclosed, and says:

"These papers were orders written by me on the chief of police for small quantities of confiscated liquor where there were representations that such liquor was to be used for medicinal purposes, and was necessary in the particular instances."

In his letter to Commissioner Kramer, Mr. Orbison explained the existence of the papers and called attention to the fact that Judge Sparks construed the state prohibition law to mean that druggists would have no right to sell whisky under prescriptions. Previous to this decision, he said, druggists had sold whisky on prescription, basing their actions on Sec. 13 of the Acts of 1917.

"After this decision was made and pending a determination of the question by the Supreme court of Indiana, I made the ruling, with your approbation, that no prescription blanks would be issued by this office until the matter was determined by the court of last resort. Up to date the Supreme court of Indiana has not passed on the question."

"Upon assuming office, the chief of police submitted an inventory of all liquor he had in his possession which had been confiscated. From time to time the stock has been added to by reason of the activities of the police and Federal officers working in and about the city. At the time the chief submitted his inventory, he insisted that no liquor would be disposed of out of that stock for any purpose without my approval, and I am quite sure he has rigidly adhered to that rule."

"He told me that before the national prohibition law had gone into effect that hospitals had been supplied with liquor from the stock from time to time, and that in emergency cases otherwise liquor had been given for that purpose."

"During the year there have been approximately 150 such orders and the requests have come from several parts of the state in addition to the city of Indianapolis. One of these requests came from Judge Sparks, the judge above mentioned, who asked for a quart of liquor to be used by an old lady, 85 years of age, who was suffering from cancer. In addition to the Judge's request there was attached the prescription of the physician. Certainly there was no charge made and each person was told the exact situation and the reason for giving the order."

CITY BILLS PAST DUE

Water and light bills are now past due according to George Helm, city treasurer, who reported today that many city customers had neglected to make payment, and that the superintendent of the plant will be given a list of the delinquents on the twenty-first so that the service will be cut off. All those who have not paid their bills, should do so, by the evening of the 20th.

I, John F. Cohee, the Trustee of Center Township, Rush County, Indiana, do solemnly swear (or affirm) that the preceding report of Receipts, Disbursements, and Balances is true and correct as I verily believe; and I further declare that the sums with which I am charged in this report are all of the sums received by me, and the various items of expenditures credited have been fully paid in the sums stated, and without expressed or implied agreement that any portion thereof shall be retained by or repaid to me or any other person. And I further declare, and

LITTLE DONE THE  
FIRST TEN DAYS

Continued from Page One  
the specific and regular appropriation bills and measures advocated by Governor McCray.

The appropriation bills providing money with which to run an aggregate sum of \$7,722,198.40 According to Representative David N. Cary, a member of the legislative visiting committee, these measures were to be presented today. The specific bill calls for \$2,365,048.02 and the regular for \$5,357,150.38, the total exceeding the 1919 appropriation by approximately \$3,000,000.

In recommending the appropriations, the legislative visiting committee lopped off nearly a million dollars from the sum requested by the state institutional and governmental departments.

The administration bills being prepared for introduction this week provide for a budget system with which to run the state government, or a permanent registration of voters, for tax law revision and for taking over the state board of agriculture. McCray's recommendations as to the changes in the tax law included one urging that the board be vested with the appellate jurisdiction over bond issues and tax levies.

Besides receiving these measures and many others which will be introduced, both the house and senate will consider committee reports on bills already introduced and the committees will start their grind of giving initial consideration to the measures before them.

So much opposition is developing to the junketing trips such as the one to Lafayette last Thursday, that some members doubt whether any more invitations will be accepted by the legislature, although it is known others are to be extended. The schedule calls for a visit to Gary, members of the assembly leaving here at one o'clock next Saturday morning for a tour of the Calumet region. Both branches have also accepted an invitation to go to Terre Haute and this trip is expected to be made during the week-end adjournment January 29.

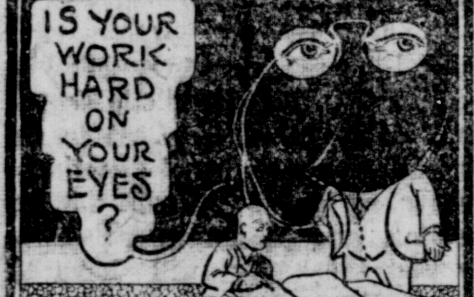

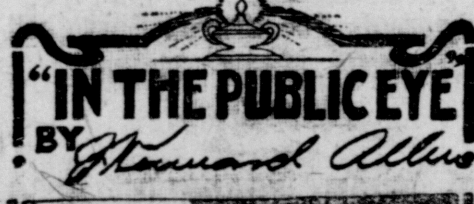

MASONIC WORK

Phoenix lodge No. 62, F. & A. M. will have work in the E. A. degree Tuesday evening beginning at 7:30. Members are urged to be present.

DRIVE AWAY HEADACHE

Rub Musterole on Forehead and Temples

A headache remedy without the dangers of "headache medicine." Relieves headache and that miserable feeling from colds or congestion. And it acts at once! Musterole is a clean, white ointment, made with oil of mustard. Better than a mustard plaster and does not blister. Used only externally, and in no way can it affect stomach and heart, as some internal medicines do. Excellent for sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, all pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds of the chest (it often prevents pneumonia).

If your work is hard on your eyes corrective glasses are needed. The lenses that will be prescribed by us will furnish the exact assistance needed—they will not be too weak or too strong. Eye examinations rarely show the condition of the two eyes to be the same. Don't let your eyes adjust themselves to glasses. We will make the proper lenses.

For the Family Table

Not so very long ago the thought occurred to us, Why couldn't Oleomargarine be churned like butter in such a way as to eliminate that oily texture and after flavor that is very distasteful and kept many from using. We were sure that Oleomargarine was not made right.

After a good many months experimenting, we were finally successful and today MIOLO is churned like butter—tastes like butter—has the natural butter texture. The minute you open the carton you notice the sweet battery aroma of MIOLO.

Such arrangements have been made with the following dealers that they have MIOLO fresh from our churns at all times and at almost half the price paid for butter fat.

Just try one pound with our money back guarantee.

### PNEUMONIA PROVES FATAL

Baby of Mr. and Mrs. Richard Dawson Dies at Home Near Orange

Theodore Dawson, 18 months old child of Mr. and Mrs. Richard Dawson, died yesterday afternoon about four o'clock at the family residence one mile southwest of Orange, after being ill for several days with pneumonia. The child is survived by the parents, one brother and four sisters. The funeral services will be held Tuesday afternoon at 1:30 at the Orange Christian church and burial will be made in the Orange cemetery.

### MAYS RESIDENT EXPIRES

Columbus Rhodes is Buried Sunday at the Center Cemetery

Funeral services were held Sunday afternoon at the United Presbyterian church in Mays for the late Columbus Rhodes, an old citizen of that town who died early Friday morning, after an illness of a complication of diseases and pneumonia. The sermon was preached by the Rev. L. E. Brown of this city, and interment was made in the cemetery at Center. The deceased is survived by a widow, a son and a daughter, and he was very well known in the Mays community. The deceased was 66 years old at the time of his death.

### THREE BIRTHS REPORTED

Dr. Will C. Smith today reported the following births in Rushville: a ten pound boy, born Friday morning to the wife of Edward Miller of South Harrison street and named Edward Eugene; an eight pound boy born Saturday morning to the wife of Harold Trump, East Sixth street, who has been named Robert Harold; a ten pound boy to the wife of John Hartman, Perkins and Eighth streets born Saturday night. The child has been named Paul.

### MRS. MARKLEY IMPROVES

Mrs. Harry Markley who has been seriously ill at her home in this city, is slowly improving.

## The First Dose Made Me Feel So Much Better

This man suffered from stomach trouble so that nothing agreed with him, appetite failed and couldn't sleep.

"My stomach was in such shape that my food did not digest, but turned to gas and bloated me up. Seemed I got no strength from what I ate and I began to get thin and lost weight.

"My kidneys also got out of order, and I'd have continual pains in my back, which hurt me to bend over or stoop about. I also had a tight feeling in my chest. The first bottle of Dreo helped me, and my food was digesting with no gas forming, but seemed to give me strength. The pains over my kidneys passed away also the pains in my chest. Dreo certainly deserves all the praise being given it," said Mr. John Plaster who lives at Clinton, Ind.

When a person is sick, he certainly has to take medicine to get well, and Dreo is proving every day that it aids a disordered stomach; relieves gastritis, strengthens the kidneys, cleans off the liver, overcomes constipation, and takes the pains out of rheumatic joints.

All druggists now sell Dreo and it is being especially introduced in Rushville by F. B. Johnson & Co.—(Adv.)

## A State Police Force

The bill for a state constabulary, which is being cr. has been drafted for introduction in the legislature, has the support of the Indianapolis newspapers, but it is doubtful if that measure is looked upon very favorably by the taxpayers throughout the state.

While it is true that the number of robberies and other crimes has largely increased in recent months, they are confined for the most part to the bigger cities, which should be able to provide their own protection.

There is no particular objection to a state police force, because, according to report, it has been a successful means of combatting crime in Michigan and Pennsylvania but this is not the proper time for the passage of such a law.

People at this stage expect their legislators to do everything they can consistently do to cut down expenses. This would create a new item of expense, which, while not large, would serve to increase the tax burdens.

It is up to the representatives and senators, if they wish to serve their constituents, to oppose many of the measures to increase taxes, which will come before the legislature. Some of them probably have great merit, and would deserve passage at any other time. But the conditions now existing demand a careful and

conservative policy on the part of lawmakers. A state police force is one thing which is not actually needed at this time and there appears not to be an actual demand for one.

## A Decent Agreement

It is reported that the Pennsylvania Railroad has signed an agreement with its employees whereby strikes on the road will be averted in the future. It was recognized by both sides to the understanding that cessation of work meant distress for all, and with that promise before them it was easy to reach a mutual agreement. The Poindexter anti-strike bill, pending in Congress, aims to secure for the whole country the benefits that patrons of the Pennsylvania system will enjoy through the voluntary action of its officers and employees. The railroad act provides the machinery for the peaceful and impartial settlement of all rail disputes. The Poindexter bill simply penalizes a conspiracy having for its object interference with transportation. If it becomes a law it will, in conjunction with the transportation act, assure the people uninterrupted rail service, and bring justice and contentment to employees and employers alike.

Judge Gary, head of the United States Steel corporation, the greatest business concern in the world, says we have a long period of wonderful prosperity ahead of us. Bully! Let's catch up with it.

Keeping everlastingly at it brings success, but a fellow has to be eternally on the job to keep some cuss from reaching in and grabbing it away from him.

Our dear friends of the big city press have been caught napping at last. They have neglected to regale us with the information that the Hardings will reside in the white house after the senator takes the oath of office.

Friends are like dollars—when you need them most they are hardest to find.

Here's hoping you all meet with unbounded success the present year. And don't forget to meet it after it comes your way.

## THE TREND of LEGISLATION

BY GEO. W. STOUT  
State Chamber of Commerce

Indianapolis, Ind., Jan. 17.—One large controversial topic already has been dropped into the midst of legislative serenity in the form of a bill to widen the scope of the Indiana primary law so as to make that statute actually state-wide in its effect.

The Alldredge bill in the senate, understood to arise out of the advocacy by Edward C. Toner of Anderson of a movement to strengthen rather than restrict or repeal the existing primary law, would take into the primary family all those state officers who hitherto have been nominated in state conventions, and would limit to \$3,500 the sum to be expended by each primary for a state office, including governor. The bill also would do away with the presidential preferential vote in Indiana and would make a plurality of the votes cast sufficient to nominate.

Under the present law only the the governor and United States senators are nominated in the state-wide vote and a majority of the votes cast for all aspirants is necessary to nominate. Without that majority the state convention held to name other state officers, must select also the gubernatorial and senatorial nominees.

Politicians now predict that in the present session of the Indiana legislature, under guise of contest over the retention or repeal of the primary law, there may be waged the real battle for the 1920 Republican nomination for United States senator.

The friends of Ex-Senator Albert J. Beveridge are positive in demanding that the primary law shall be continued and strengthened. Those who are more of less identified with Senator Harry S. New are pretty generally found to be urging the repeal of the primary law.

Some observers hold the view that the outcome of the discussion in the legislature and the rise or fall of the primary system in Indiana may have a definite effect upon the senatorial situation in 1922.

Gov. Warren T. McCray takes his stand for the repeal of the state-wide features of the present primary law, and it is now understood the primary repeal element favors also nominating congressional candidates in delegate conventions.

As is well known, Gov. McCray doubts the wisdom of the present primary law because of the opportunity it gives to the wealthy office-seeker to lay out unlimited sums of money, while, through that weakness it also bars the poor though perhaps worthy aspirant who can not "go the pace".

Friends of the primary system freely admit the existing law is weak, but they declare that the well being of the candidate is not the primary consideration. They favor severe penalties for men who expend large sums to get nominations. They would continue, they say, to give the voters a direct shot at all nomina-

tions, while at the same time by drastic measures preventing the use of vast sums of money to influence the result one way or another.

Already it is being pointed out that the Alldredge bill is not strong enough in the matter of imposing a penalty on the man who uses more money than the law allows in getting on a party ticket. The new bill simply would cause the offender to forfeit his too-expensive nomination. There is a disposition in some quarters to put in a strengthened primary law a penalty clause which would prevent the big money primary campaign from getting started.

Thus early in the session the somewhat heated discussion of the primary issue is taking a front place where groups of law makers form in time of recess. On both sides are determined and forceful advocates hurling the missiles of argument right and left. The warm though good-natured debates of the present, however, are pretty well understood to forecast a bitter if not historic legislative battle.

Ex-Senator Beveridge, who advocates the primary system, and who formerly advocated the election of United States senators by popular vote, may be expected to express himself with vigor on the primary issue. It is not known what effect his advocacy finally may have. Just now, with the new state administration and the Republican state organization and the two United States senators apparently committed to the repeal of the state wide features of the primary law, there would seem to be little chance for a measure such as the Alldredge bill for the strengthening of the Indiana primary.

However, there are unknown and uncertain elements which as yet have not emerged to assert themselves.

It is not known what the women citizens will say on the matter of the primary repeal plan. What the new voters say is bound to carry weight with the men who are directing legislation, both in the legislature and upon the side-lines.

Indiana women last fall for the first time were permitted to vote in a general election. They cast their ballots for the candidates for office the men had nominated at primaries some months before. The women voters had little part, directly, in making up the tickets of 1920.

The city elections come in 1921 and state election in 1922 with a United States senator and thirteen congressmen also to be named.

The party leaders are face to face with this problem: Will it be safe, politically, to take from the women voters the right to cast a direct vote for party nominees? The query that suggests itself to the thoughtful political worker is something like this: Will the woman voter, newly vested with the right to vote in both primary and general election, take as a friendly or kind act any move to deprive her of her primary vote before she has had a chance to use that vote?

Will Indiana women voters favor the repeal of the primary or will they demand that women shall vote in a primary directly for state nominees and others, including senators? Whatever is done, it is understood local primaries will select connection delegates if conventions replace the big primary.

## CARTHAGE CLAIMS GO A'GLIMMERING

Up-County Team Puts up Magnificent Game Here Saturday Night But is Unable to Win

RUSHVILLE PROVES TOO GOOD

Locals Pull Out in Front at End of First Half and Pile up Score The Last Frame

The Carthage high school basketball team relinquished their claims to the county honors, when they went down into defeat here Saturday night, falling before the local high school, 41 to 13.

The score might indicate a one-sided affair, but the visiting team played Rushville to a standstill in the first half, and it was not until the final period of play that victory was sure for the locals.

The game was one of the cleanest ever played here, and the Carthage team deserves a great deal of credit for the kind of a game that they put up, but the farther Rushville went, the better they seemed to get.

Rushville made the first score of the evening, when Eakins threw a foul goal. Then Moore, the diminutive forward for the visitors, caged a field goal that set the ball rolling for Carthage. Then he registered a lone marker on a foul goal, and E. Headlee for Rushville tied up the score at three points.

Carthage then took a spurt and jumped into the lead with seven points, while Rushville had three. This part of the game was a thriller as each team exerted the utmost in them, Carthage trying to pile up the score and Rushville trying to catch up.

With the first half almost gone, Rushville found themselves and the score was tied at nine points, with E. Headlee putting his side in the lead just before the close, and the game at half time ended 11 to 9, in favor of Rushville.

Carthage was not able to overcome the lead from this time on, and Rushville worked the ball around their goal in a systematic fashion, and the score began to pile up.

When the score was 34 to 11, Moore made the only field goal for Carthage in the last half, and put his team up to 13 points. Rushville worked their defense good in the final half, as Carthage was held to only four points, two being foul goals.

The visitors never gave up and fought just as hard at the close of the game as they did at the first. They had good team work, and Heathcock and Moore were fast in taking the ball down the floor. Stewart, back guard, proved a strong wall, and was responsible many times for breaking up plays.

Coch Sutton used his regular line-up in the game, with the exception of the last three minutes when Phillips and Reynolds went in at the two forward positions. Reynolds caged two field goals, during the short time that he was in the play.

The locals played around E. Headlee, and fed him the ball, and he was responsible for ten field goals many of them being made on long shots. The entire team woke up in the last half, and played consistent ball, and showed that they are capable of staging comebacks, better than any team in this part of the

Independent Teams Are Expected to Put up Good Game Here Tuesday Night

LOCALS DEFEATED BY THEM

The Odd Fellows basketball team of this city is in good shape to meet the Fairview Athletic club here tomorrow night at the Modern Appliance building, and one of the hottest games of the season can be expected, as the Fairview team is composed of an all star aggregation, and defeated the locals on the floor at Fairview a few weeks ago.

A curtain raiser will be played beginning at 7:15 between the two high school teams from Fairview and the Webb school. This game should also be a good one, and it will be the first time these teams have met this year.

The game which was scheduled for tonight between the Knights of Columbus quintets from Greensburg and this city, at the Modern Appliance, has been changed to Wednesday night, January 26. Colored teams from Connersville and New Salem play here Wednesday night and on Thursday night the Arlington Athletic club will meet the Connersville American Legion Legion five here.

## FAIRVIEW LOSES TO RALEIGH FIVE

Defeated by Lone Point Saturday Night in Rough and Fast Game at Raleigh

NEVER ABLE TO GET IN FRONT

The Raleigh high school basketball team continued with their winning streak Saturday night by defeating the fast Fairview high, by a lone point, 15 to 14, in a game played in the new gymnasium at Raleigh.

The game was rough and fast all the way through but the Raleigh team maintained a lead at all times, and at half time held the score at 7 to 4. Fairview was unable to stage a rally in the final period, and lost by a single point.

The score and summary:  
Raleigh (15) Fairview (14)  
Poer F Duncanson  
Laughlin F Link  
Craig C Peters  
Ertel G Cook  
Hyatt G Reed  
Substitutions: Parker for Link; field goals, Poer 3, Laughlin, Craig 3, Duncanson, Peters 2, Cook 2, Parker. Foul goals Poer, Cook 2, Referee Beam.

This comeback spirit won the game at Columbus, defeated Milroy here, and caused a walkaway at Newcastle.

Columbus plays a return game here Friday, and because Rushville doubled the score on them on their own floor, does not mean that the game here will be easy, because they have a fighting team, and will make a big attempt to turn the tables.

The local second team also triumphed with a victory over the second team from Carthage, the score being 15 to 10. This game was exciting, and Carthage almost caught up with Rushville before the game ended.

The score and summary:  
Rushville (41) Carthage (13)  
L. Headlee F Moore  
Miller F Dyer  
E. Headlee C Heathcock  
Eakins G Overman  
Frznee G Stewart

Substitutions: Carthage, Gray for Dyer; Henley for Stewart; Rushville, Reynolds for L. Headlee, Phillips for Miller. Field goals, L. Headlee 3, Miller 2, E. Headlee 10; Eakins 2, Reynolds 2, Moore 3, Heathcock 2. Foul goals Moore 3 out of 5, Eakins 3 out of six. Referee Trussler.

## NEWCASTLE DEFEATED

The Newcastle high school basketball team lost to their old rivals, the Spiceland Academy at the latter place Friday night, by the close score of 19 to 17. The game was a close affair from beginning to end, and at several stages in the game the score was tied. The first half ended 11 to 8, in favor of Spiceland. Newcastle had previously won on the home floor by a big margin, but failed to show up to their usual form on the strange floor.

## FOREMAN MILLER NOW TELLS ABOUT TROUBLE

Fort Wayne Man Says His Entire Body Ached With Rheumatism—Tanlac Puts Him in Fine Shape.

"I can back up everything good I've ever heard about Tanlac, for I've tried it myself and know it will do the work," was the emphatic statement made recently by August Miller, 1513 Boone St., Fort Wayne, Ind., foreman for the Horton Mfg. Co.

"Three years ago I had a severe attack of inflammatory rheumatism and was laid up in bed for ten days. My whole body ached something awful, and sleep was next to impossible. Then my stomach got out of order and nothing tasted good to me, and I lost my appetite. I had a stubborn case of constipation and often had headaches that lasted three and four days at a time. I got awful

run down and all through the day was so weak and fagged out I could hardly work.

"Nothing reached my case until I got hold of Tanlac and the way it has fixed me up beats anything I have ever seen. I never have a sign of indigestion no matter what I eat and I am free from constipation and headaches. The rheumatism was the most stubborn of all my troubles but eight bottles of Tanlac have done the work and I never feel even so much as a trace of it now. I have even picked up in weight, in fact, Tanlac has simply built me up all around."

Tanlac is sold in Rushville by F. B. Johnson Co., in Milroy by Dallas Copper, in Manilla by Geo. J. Inlow, in Arlington by Mrs. L. T. Davis, in Carthage by Otto C. McCarty, and in New Salem by Mrs. Jos. Hankins, R. R. 2.—(Adv.)

## You Can't Afford Not to Own a NISCO

FOR every ton of manure you put on your soil this year, you're going to get back \$7.00 to \$10.00 in increased crops. College experiment station tests have placed this high value on manure at the present time.

## NISCO

The Original Wide Spreading Spreader

Just as there's one best way to sow your grain, there's one best way to handle your manure—that's to spread it—with a spreader—evenly, uniformly, perfectly shredded just where you want it.

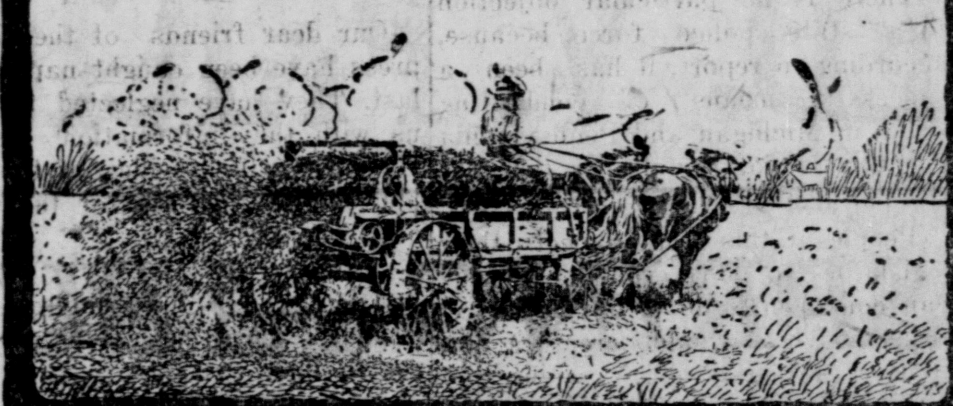

## Thorough, Uniform Spreading

The NISCO does just this—shreds your manure finely, thoroughly—then spreads it evenly, smoothly, and widely.

The NISCO is built low down—it is easy to load. No gears to break. Simple in construction. Extra strong—yet light draft.

Come in and see us. We will give you the full facts on the NISCO—the right Spreader for your farm.

# SOCIETY

The War Mothers will meet Wednesday afternoon in the assembly room of the court house. All members are urged to be present at this meeting.

The regular meeting of the Phi Delta Kappa fraternity will be held this evening in the club rooms in North Main street. Special business will be transacted at this meeting.

Mr. and Mrs. Will Rash of Fortville, Ind., and W. D. Schumaker of Toledo, Ohio, were the dinner guests yesterday of Miss Alice and Harry Kennedy of North Harrison street.

The regular meeting of the Psi Iota Xi sorority will be held tomorrow evening at the home of Mrs. Beatrice Carter in East Sixth street. As this is the regular meeting night important business will be discussed and all members are requested to be present.

The Loyal Women's Bible class of the Main Street Christian church will meet tomorrow afternoon at 2:30 o'clock at the home of Mrs. C. G. Clark, 503 North Sexton street.

Mr. and Mrs. Wilbur Chance were host and hostess for a prettily appointed turkey dinner yesterday at their home in Falmouth. The dinner was served in three courses to about eighteen guests.

Mr. and Mrs. Earl M. Tweedy had for their guests last Sunday Mr. and Mrs. Frank Tweedy, Mr. and Mrs. Harry Brakefield, Mr. and Mrs. Ben Nelson, Miss Evalina Beams and Mr. and Mrs. T. B. Gary. A bountiful dinner was served.

The Ladies Missionary Society of the First Presbyterian church will meet with Mrs. J. R. Carnichael Tuesday afternoon. A good attendance is desired as election of officers will take place at this time and business of importance will be transacted. Ladies of the church and congregation are invited.

Mr. and Mrs. M. M. Coyne delightfully entertained with a prettily appointed dinner party yesterday at their home in North Sexton street. Covers were laid for Mr. and Mrs. Ivan Coyne and daughter Rosemary. Mr. and Mrs. John G. Miller and baby, and Mr. and Mrs. Will Welsh and sons Robert and Edward, of Connersville.

Miss Florence Cooning was pleasantly surprised last evening by a number of her friends the occasion being in honor of her birthday. Seven couples were present and enjoyed the evening with games, music and dancing. Delicious refreshments were served at the close of the party. Among the guests present was Miss Myrtle Jones of Anderson.

Mr. and Mrs. Will Martin and daughter Ruth entertained with a birthday dinner in honor of William

R. Martin and Daniel P. Rea Sunday. At noon a bountiful pitch-in dinner was served. Covers were laid for Mr. and Mrs. Daniel P. Rea, Mr. and Mrs. Frank McCrory and daughters Frances and Helen, Mrs. Helen Smith and son Roy, Mr. and Mrs. Fred Martin and daughters Janet and Alice, Mr. and Mrs. Orville Martin and daughter Ellen Jane and Mr. and Mrs. Thomas Martin.

Mr. and Mrs. Walter Offutt have announced the marriage of their daughter, Miss Stella, to W. R. Humes of Effingham, Ill., which occurred last Sunday, January 9, in Indianapolis. The bride is well known in this city, having graduated from the local high school and was a student of Indiana University the beginning of the school term. Mr. Humes is known here, having visited in Rushville on a number of occasions. Mr. and Mrs. Humes will make their future home in Mason, Illinois, where the former is employed.

## KILLED BY CITY CAR

Mr. and Mrs. Ed Beer received word yesterday of the death of their nephew Sidney Stille, age 16 years, of Madisonville, a suburb of Cincinnati. The young man was killed by a city car in Cincinnati, when he missed his footing while attempting to catch the car as it was moving. The local relatives will probably attend the funeral, but the day was not set, according to the message received here.

## MORE THAN THIRTY MUNCIE MEN ARRESTED

Nature of Charges are Not Revealed Except That Federal Laws are Involved

### POLICE AMONG NUMBER HELD

(By United Press)  
Muncie, Ind., Jan. 17.—More than thirty Muncie citizens were arrested today on federal charges when the United States marshal, Frank Storren, and deputy Marshal Frank Ream arrived from Indianapolis with a number of warrants for the arrest of Muncie men alleged to be guilty of violating the federal law.

George Fox, a police captain, was the first arrested. Timothy Owen, a justice of peace; Eli Scott, colored a former policeman; Vernon Walburn, owner of a cigar store; William Rohlfson, gambler, and John Cox, said to be a gambler, followed Fox.

The federal officials were understood to have in their possession a number of other warrants which they were to serve in the course of the day.

No information was given out as to the charges upon which those arrested are held and it was told such information would have to be given out in the district attorney's office in Indianapolis.

Kenneth Surgeon, wealthy young manufacturer, was arrested just before noon and released under bond. He was told he was charged with violation of the Volstead act.

### TO REPORT TARIFF BILL

Washington, Jan. 17.—Senator Penrose today reported the emergency tariff bill from the finance committee. Penrose gave notice that "at an early date" he would move to make the bill the unfinished business of the senate and would make every effort to push it to an early passage.

### ROYAL ARCH DEGREE

Rush Chapter 24, Royal Arch Masons will have work in the Royal Arch degree Monday evening, January 17. Visiting Masons will be welcome.

## STOP ITCHING ECZEMA

Penetrating, Antiseptic Zemo Will Help You

Never mind how often you have tried and failed, you can stop burning, itching eczema quickly by applying Zemo. Furnished by any druggist for 35c. Extra large bottle, \$1.00. Healing begins the moment Zemo is applied. In a short time usually every trace of eczema, tetter, pimples, rash, blackheads and similar skin diseases will be removed.

For clearing the skin and making it vigorously healthy, always use Zemo, the penetrating, antiseptic liquid. It is not greasy and it does not stain. When others fail it is the one dependable treatment for skin troubles of all kinds.

## NEW SECRETARY TO TIDY UP GOVERNOR'S OFFICE

Indianapolis, Ind., Jan. 17.—Miss Adah Bush, secretary to Governor Warren T. McCray is contemplating "dressing up" the governor's office. She also has some other ideas distinctly her own which she intends to put into effect on her new job.

First off, Miss Bush plans to buy some new record books and allotting the work of the office to each of her assistants so that it is divided evenly.

Next, she wants a new rug for the executive chamber.

"Everyone knows the old saying that 'a new broom sweeps clean'," Miss Bush said. "But during the war, the price of carpets was too high and practicing economy, Governor Goodrich did not feel free to spend the people's money in buying carpets and office equipment."

"Now the market on rugs, record books, stationary and paper, has fallen and I think the governor will allow me to buy something that we need in those lines."

Miss Bush is the first woman ever to serve as secretary to an Indiana governor. Two women are assisting her in handling the duties incident to the administration of the governor's papers, and Miss Bush laughed at the tradition that women cannot work together harmoniously.

### TO UNDERGO OPERATION

Sam Wagoner, superintendent of the Indianapolis and Cincinnati traction company power house, was taken to Indianapolis, yesterday where he will undergo an operation for stomach trouble.

## HOLD CORN FOR MORE MONEY

Indianapolis, Ind., Jan. 17.—Farmers of Indiana are holding their corn for higher prices, George Bryant, field agent of the department of agriculture, said in his semi-monthly crop report today. Corn is practically all husked but little is being marketed at this time, because of the low prices, Bryant said.

### AIR FLIGHT PROBE OPENS

Rockaway Pt., N. Y., Jan. 17.—Captain Cummins, commandant of the naval air station here today testified at the opening of the official inquiry into the balloon adventures of Lieutenants Farrell, Hinton and Kloor, that he had authorized the flight. The main purpose of such a flight, he stated, was to help the pilot to familiarize them with the air currents.

## The 1921 Outlook

What has the new year in store for us?

Carefully considered, its outlook includes greater crops, better traffic facilities, lower prices, improved productivity, cheaper production costs, growing thrift and increasing economy.

Its unfavorable influences are lower purchasing power due to unemployment, lower wages, smaller profit margin, and the quite possible reduction of foreign trade.

This is a time when individuals and business institutions should avail themselves of a banking connection that assures close, personal co-operation.

## SHIFT IN CABINET SLATE NOW APPEARS

Charles Dawes is Mentioned to Take War Post Place Instead of Treasury Position

### MELLON FOR THE TREASURY

(By United Press)

Marion, Ohio, Jan. 17.—A shift in the Harding cabinet slate appears to be taking place. Charles A. Dawes of Chicago, who has been mentioned for the treasury post, is being considered for the war department post and Andrew Mellon of Pittsburgh appeared in the lead for the treasury.

The situation was further complicated by the visit Saturday of the ex-Senator John Weeks of Massachusetts, who is understood to fit into the treasury post, having had previous work as secretary of the navy and has been suggested by Harding's advisers.

Dawes would fit into the war job equally as well as the treasury, he being one of General Pershing's right-hand men in France, having had charge of all purchases for the expeditionary forces.

Harding's military plans which are still vague as to details, are to establish training camps throughout the country where young men can spend five or six months without hindrance to their progress in civil life. After this training they would go into a reserve for a limited period. Supplementing these camps would be the military training given in colleges.

The disarmament question is being earnestly considered by Harding but he has not decided whether to call a conference after his inauguration.

### SHRINERS TO BE GUESTS

Shriners, their wives and lady friends of this county will be entertained by the Shriners of Connersville Monday evening, January 24, it has been announced here, and local members of the order who expect to attend are urged to notify Dr. Noble G. Wills of Connersville at once.

### MADE ON HIS AUTHORITY

Friends Regard Him as One of Hardest Workers in Senate—His Record Exceptionally Good

Washington, Jan. 17.—United States Senator Harry S. New, of Indiana, will be a candidate for the republican nomination for senator two years hence to succeed himself. This statement is made to The Tribune's representative on Senator New's authority.

Those in Washington who know Senator New and his work best have no hesitancy in saying that if the thoughtful people of Indiana are as wise as they are given credit for being they will see that Senator New is returned to the senate by a vote that will be keeping with the unusually high character of his labor and statesmanship. The people of Indiana are a long distance from Washington and comparatively few of them ever visit the national capital so that they are not as conversant with the work of their senior United States senator as are those here who are in almost daily contact with him.

If the people of the great Hoosier state could all come to Washington and ask the senator's colleagues what they think of him there is little doubt but Senator New would be returned by an unprecedented vote. But not all of them can do this and so they are compelled to form their opinions of Indiana's senior senator from the reports which drift back to that state from the capital. These reports of his work cannot but be favorable because the senator's labors are of that character which creates favorable comment. It is a safe assertion to say that the United States senate does not have a member who is a harder or more conscientious worker than Senator New. It is doubtful if the whole state of Indiana could find one man to put in his place who could and would work with the telling vigor he has shown ever since he entered the senate following his election in 1916.

Senator New is not an orator in the sense that most people accept oratory, but he possesses a quality that is far and away superior to the gift of oratory, great as it is. That quality is the quality of hard work. That is the quality that has made Senator New one of the big, forceful factors in Washington affairs. Work work, work described Senator New. If ever a United States senator has made good he is Senator New. He has worked for the good of the American government. He has labored for the people of Indiana. He has fought for the benefit of his country and in all this he has accomplished great things. Truly the people of Indiana cannot afford to allow Senator New to pass out of the United States senate when his term expires in March 1923.

## WHY THAT LAME BACK?

That morning lameness—those sharp pains when bending or lifting, make work a burden and rest impossible. Don't be handicapped by a bad back—look to your kidneys. You will make no mistake by following this Rushville resident's example.

Mrs. Albert S. Gard, Oliver St., says: "Dean's Kidney Pills surely are a fine medicine. I have used them a number of times when my back has been lame and sore. It has been hard for me to stoop on account of the sharp pains in my back. My kidneys were weak and didn't act right. I heard of Dean's Kidney Pills at this time and purchased a box, which soon relieved the trouble. After using a few more boxes I was rid of the complaint."

## PRIMARY LAW TO CAUSE A FIGHT

Line is Drawn Now Between Standpatters and Progressive Element in Progressive Party

### M'CRAY LEADS STANDPATTERS

They Want to Repeal Law and Progressives Want to Extend The System to State Offices

Indianapolis, Ind., Jan. 17.—The fight over the retention or abolishing of the direct state wide primary election system in Indiana, promise to be one of the bitterest legislative battle in years, unless there is a retrenchment. According to developments thus far, the line is drawn between the standpatters and progressive elements in the republican party.

The standpatters wish the repeal of the primary law as it applies to state offices, the United States senate, congress and delegates to the national political conventions.

The progressives want to extend the plan to include all state offices, and at the same time, limit the amount to be spent in campaigns by candidates.

Governor Warren T. McCray as leader of the standpatters, is facing his initial test of strength with the supporters of the bill presented to the legislature by Senator Beardsley which would carry out the idea of the standpatters.

Albert J. Beveridge and Edward C. Tener of Anderson, former progressive state chairman, are leaders of the opposing elements. These two men and their followers want to extend the primary system of selecting candidates even farther than it goes and to limit expenditures to \$3,500.

Senator John Alldredge of Anderson introduced a bill carrying out the idea of the Progressive leaders. It is understood that the stand taken by the progressives and the stand patters will be of interest throughout the nation and that outside influence will be brought in by the two different Hoosier elements.

### HOOVER PRESENTS HIS MERCY PLEA

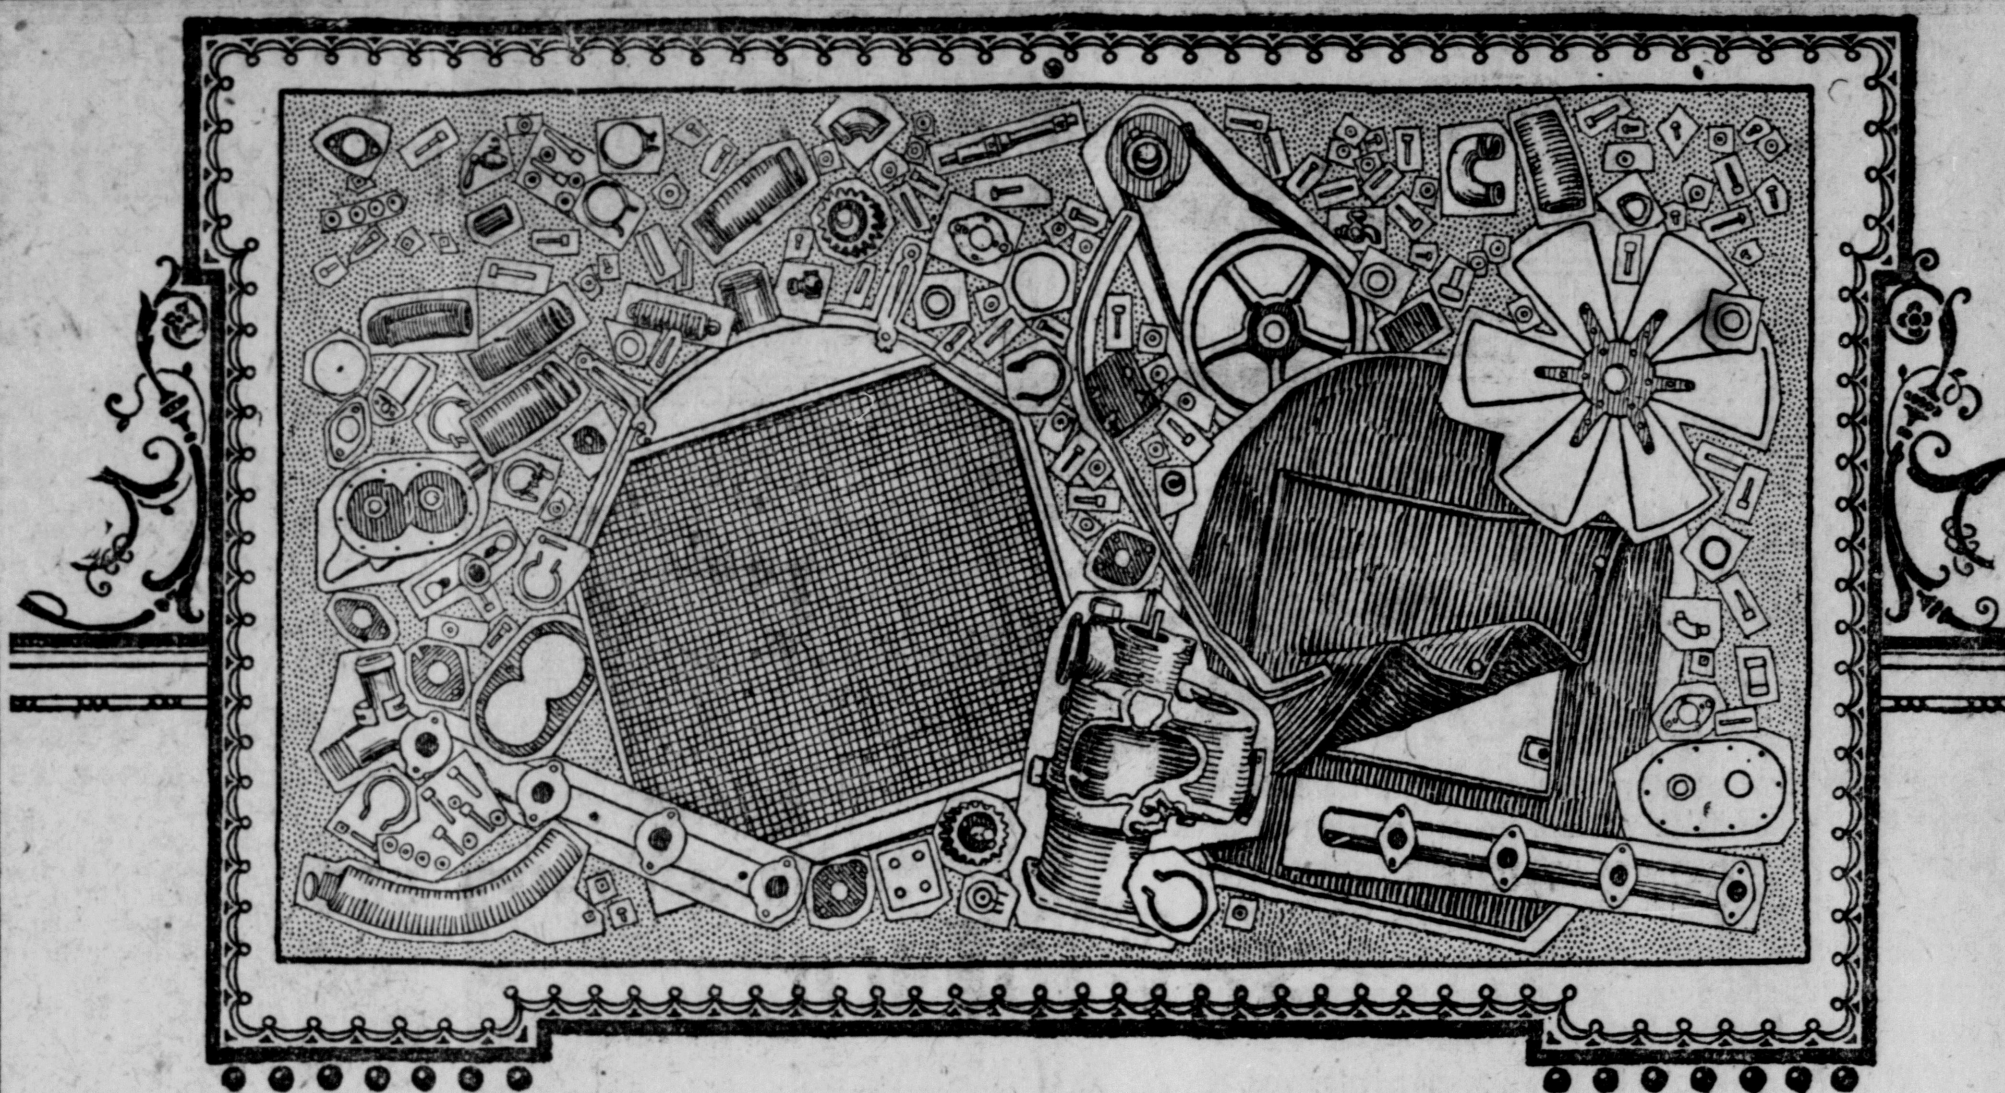

Continued from Page One  
devoid of any semblance of oratory Mr. Hoover told of the terrible conditions in many European countries in the wake of the holocaust of war. He recited the fact that the 3,500,000 little ones are most surely doomed to death by starvation unless America at once completes the fund of \$33,000,000 being raised nationally. He pointed out that \$23,000,000 of this is to be used for feeding the babies and \$10,000,000 for medical supplies and service. He also emphasized the fact that in thus caring for these little lives we of America are planting a love for our great nation in the hearts of the future men and women of Europe. "It is better to instill a love for America in the hearts of these little ones than it is to spend a like amount for the construction of a great dreadnaught", declared the speaker.

Mr. Hoover makes no pretense to being a finished public speaker, but in this instance he recited the dramatic and tragic facts in so solemn a manner as to bring tears to the eyes of his hearers. He concluded his appeal with expressions of gratitude for the generosity of the people of Indiana up to the present, but also gave the admonition that the work is only about half completed. He made an earnest plea for further contributions from all sections of Indiana if assurance is to be had that the work of the relief organizations in 17,000 feeding stations can be continued throughout the winter.

Mr. Hoover came to Indianapolis this morning, had a conference with county chairmen from all over the state, addressed an overflow mass meeting at English's Opera House and was on his way back to New York by 3 o'clock, completing a day of inspiration to Indiana and typifying his own devotion to the cause of humanity. According to Caleb S. Denny, state chairman, the impetus given the humanitarian appeal in Indiana will be redoubled as a result of the stimulus of Mr. Hoover's visit.

### ATTEMPT TO KILL LENINE

London, Jan. 17.—Russian newspapers received here today describes a desperate attempt to assassinate Premier Lenine near the Kremlin in Moscow while speeding to a meeting of the Soviet congress in a heavily guarded automobile. A bomb was thrown from a house, missing the Lenine car but striking an automobile in the rear killing six guards. Three civilians were wounded and twenty arrests were made.

## The Fine Light Weight Franklin Car Eliminates These 177 Trouble Making Parts

AMERICAN motorists are well aware that the trend in automobiles is toward greater mechanical simplicity. For it is plain that you are bound to have less trouble, if your car has fewer parts that give trouble. No more striking illustration of this fact than the above picture could be found. It shows the 177 parts incident to water-cooling.

### Why Complication Means Trouble

Aside from the mere waste of weight, this mass of unnecessary mechanism inevitably means work, worry and expense. It means the frequent annoyance—not to mention repairs—of leaky and frozen radiators, cracked water-jackets, clogged and leaking pipes—all the countless other winter-and-summer ills that water-cooling develops.

The Franklin—America's Standard Light Air Cooled Car—is entirely free from this needless trouble, for its Direct Air Cooling consists simply of a powerful turbine fan that applies a swift current of air direct to each cylinder and cools it, in winter and summer, in high or low altitudes, under any motoring conditions.

And motorists today are demanding a car that they can rely on—that is ready for use at all times. They are no longer tolerant of the car that must be coddled—that is in the repair shop just when you need it most, or frozen into uselessness whenever the mercury drops.

The Franklin is ready for use at all times—it does minimize trouble and repairs; and over and above that, the elimination of this and other unnecessary weight enables it to attain a high degree of motoring economy.

### Unnecessary Parts Mean Weight and Waste

In the illustration above, the radiator weighs 75 pounds. This and the pile of superfluous metal with the 48 pounds of water it requires and the heavier supports, constitute a dragging burden of unnecessary weight and unnecessary weight is the great barrier to motoring economy.

Freed from this burden, the Franklin gives a steady, day-by-day delivery to owners of

20 miles to the gallon of gasoline  
—instead of the usual 10  
10,000 miles to the set of tires  
—instead of the usual 5,000

These Franklin facts are at your disposal at any time. Ask for them; and investigate Franklin Direct Air Cooling, Light Weight and Flexibility. Learn why these principles mean more motoring and better motoring for you.

And you will understand at once why the Franklin delivers, not only an economy far and away beyond anything in the fine car class, but also a motoring service that asks no odds of the calendar—that on the contrary, guarantees you motoring satisfaction 365 days in the year.
